

## **Midterms are behind you--cue the confetti**

As the semester winds down, it's the perfect time to reflect on how you've engaged outside the classroom. Maybe you joined a club, attended a career exploration session, volunteered in the community, or participated in a high-impact experience that flexed your professional skills. If you've already taken those steps—amazing! Be sure to document them now while they're fresh. And if you haven't yet, think ahead to spring: how will you continue building your business identity through service, leadership, and involvement?

You've shown you can succeed academically. Now it's time to deepen your impact and demonstrate the kind of initiative, collaboration, and purpose that define future business professionals.

Need inspiration? Watch our **BUSI Talk on Impactful Engagement**—an on-demand, self-paced video designed to help you explore ways to get involved and make your mark beyond the classroom.
